Building visitor reception - reference annex

CURRENT REFERENCE; named scope only

Controlling reference for building visitor reception. Escorts and badges are reception controls; log retention is governed by physical security records.

The physical security records schedule retains visitor sign-in logs for ninety days; the reception instructions do not set log retention.

Apply only the activity and conditions named in this annex. An operational guide cannot be used to invent an absent commercial rate, compensation clause or retention term. Where an entity-specific negotiated term is requested, the general policy is not sufficient evidence.
